SUMMARY

Enthusiastic Computer Science student with a keen interest in AI, machine learning, and software development. Skilled in frontend technologies like HTML, CSS, JavaScript, and React, with a growing understanding of AI tools and ML concepts. Eager to explore real-world applications of AI-driven software solutions and enhance problem-solving skills through hands-on projects.

EXPERIENCE

Participated in Internal Hackathon and collaborated on building Job portal clone. Gained experience in problem-solving, teamwork, and rapid prototyping using frontend technology.

EDUCATION

Bachelor of Technology in Computer Science, COER UNIVERSITY (Roorkee)

XII (CBSE Board) with PCM, Holy Ganges Public School (Haridwar)

PROJECTS

Using frontend skills-

- **Amazon Clone** – Built a responsive e-commerce website using HTML, CSS, and JavaScript, replicating Amazon's UI/UX features like product listings and cart functionality.
- **To-Do App** – Developed an interactive to-do list app with JavaScript, enabling users to add, edit, and delete tasks dynamically.
- **Coaching Website** – Designed and built a user-friendly coaching institute website using modern frontend technologies to provide course details and enrolment features.

SKILLS

- Teamwork and collaborative
- Problem solving
- Effective communication
- Hardworking
